

Evidencia de Prueba					
Fecha	12/03/2023	Versión	N/A	Plataforma	Chrome
Resumen	Solicitar un préstamo				
CP	CHAL-27	Status	BUG	Tester	Carolina Pena
Descripción Bug	La página no redirige a "accounts" luego de realizado el préstamo				

1) Ingresamos a la página con la cuenta correspondiente:

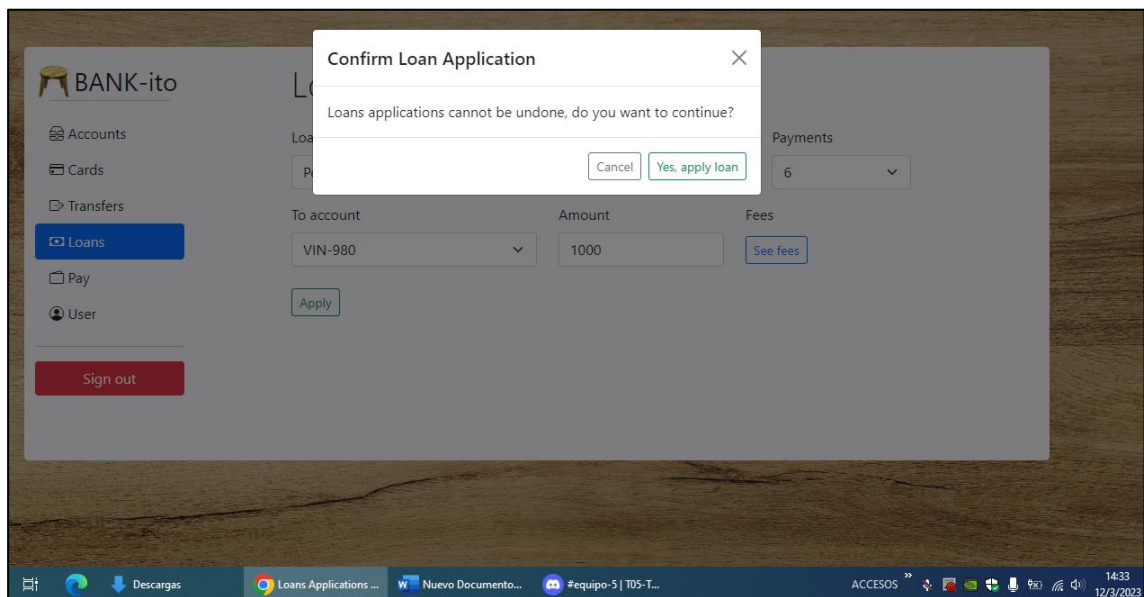

2) Nos ubicamos en “loans” y completamos los respectivos campos:

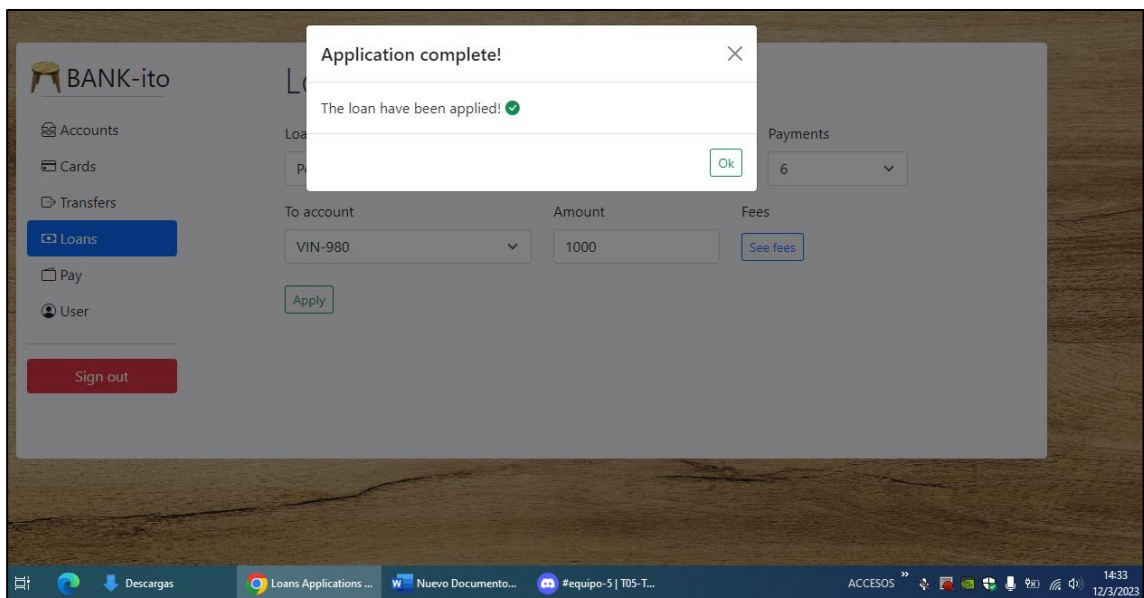

The screenshot shows the BANK-ito web application interface. On the left is a sidebar menu with options: Accounts, Cards, Transfers, Loans (highlighted in blue), Pay, and User. Below the menu is a red 'Sign out' button. The main content area is titled 'Loan application'. It contains three sections: 'Loan types' with a dropdown menu set to 'Personal | max amount: 100000'; 'Payments' with a dropdown menu set to '6'; and 'To account' with a dropdown menu set to 'VIN-980'. Below the 'To account' dropdown is a green 'Apply' button. To the right of the 'To account' dropdown is an 'Amount' input field containing '1000'. Further right is a 'Fees' section with a 'See fees' button. The background of the application is a wood-grain texture. At the bottom, a Windows taskbar is visible with several open applications and a system clock showing 14:31 on 12/3/2023.

3) Al hacer click en “apply”, aparece un mensaje para confirmar la operación:

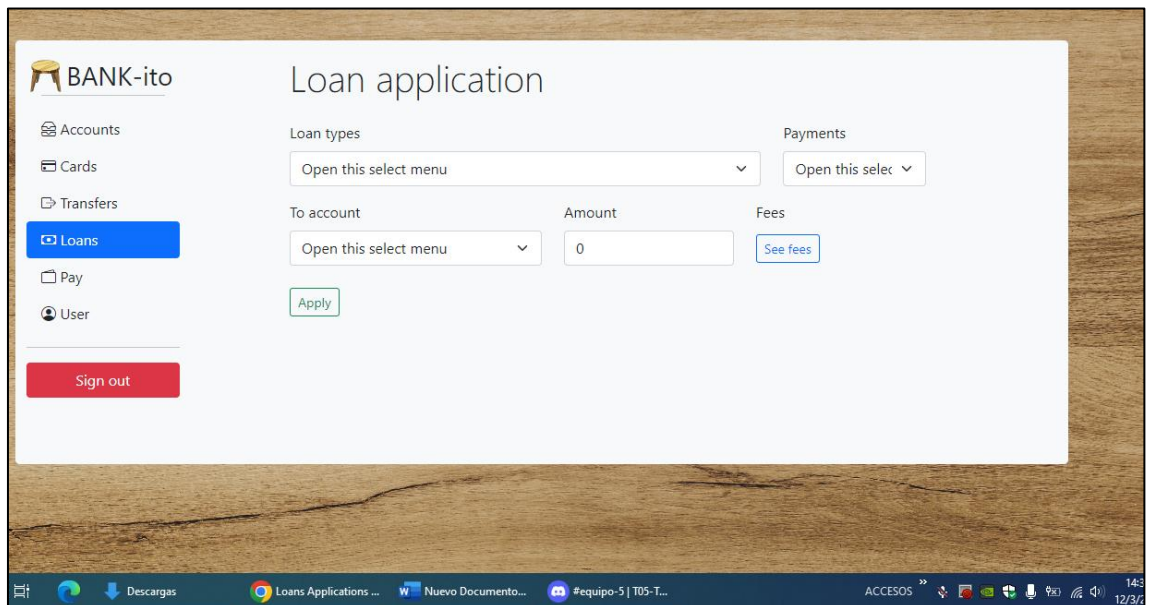

The screenshot shows the same BANK-ito web application interface as before, but with a modal dialog box open in the center. The dialog box is titled 'Confirm Loan Application' and has a close button (X) in the top right corner. The text inside the dialog reads: 'Loans applications cannot be undone, do you want to continue?'. At the bottom of the dialog are two buttons: 'Cancel' and 'Yes, apply loan' (highlighted in green). The background of the application is dimmed. The Windows taskbar at the bottom is the same as in the previous screenshot, showing the same applications and system clock.

4) Al clickear en “Yes, apply loan” no aparece otro mensaje indicando que se realizó la operación con éxito:

- 5) Luego de hacer click en “Ok”, en lugar de llevarnos a “accounts”, el cartel solo desaparece y nos mantenemos en la misma sección:

- 6) Sin embargo, al hacer click en “accounts”, podemos ver por nosotros mismos el estado de la cuenta y el préstamo ya realizado:
